- F. never taken

My reason for taking Dance: (you may circle more than 1 answer)

- A. for credit
- B. I like to dance
- C. Not my choice
- D. Other _____

Discuss what you know about Dance. Can you list any famous dancers? What is your favorite form of dance? _____

Dance is a highly disciplined art form. This includes practice (sometimes in and out of normal classroom hours) and wearing the appropriate dance attire (clothes) **EVERYDAY**. Your hair must be up and your jewelry removed. You will have to physically work during the majority of class time. You must have a note from a doctor or your parent in order to sit out. Even at this point, you must dress out (unless you are physically unable to do so) and take written notes of the class you are missing.

Do you understand these requirements and promise to follow them each and everyday?
