Brazoswood High School Social Officer Responsibilities

All Social officers:

- ◆ Responsible for checking in items such as money, costume pieces, posters, etc that are due in their squads
 - ◆ Responsible for checking roll for their squad if their dance officer is not there
 - ◆ Responsible for running "Belle Dance" workshops in January and coordinating Belle Dance. (This is a HUGE responsibility for them. It is a formal dance where the girl invites the boy and the entire school is there. We had 1100 students attend last year. It is a HUGE social and money making event for the team. We completely transform the school into whatever the theme is and there are workshops every Saturday in January that the social officers lead. The officers divide up into areas they are responsible for decorating-hallway, main floor, bathrooms, group pictures. Each one is responsible for getting supplies ordered through the director in November for those workshops and planning daily activities for the team members in attendance. Then on the night before, they are each responsible for their area to make sure things get done. We work from around 3:45-1:00 am decorating. It is GREAT! And a huge responsibility for the officers!
1. President-oversees big sis/little sis program, coordinating Belle Dance workshops, football poster program, and parties throughout the year.
 2. V. President-assist President
 3. Secretary-explained pretty well another page
 4. Treasurer-ditto
 5. Historian-ditto
 6. Chaplain-leads En Croix meetings and also leads team in prayer before performances or any other time deemed necessary. We take a survey at the beginning of the year to ask the team members how they feel about praying as a group. If someone is shaky about it, the Chaplain and I discuss their concerns with them and allow them not to participate if they feel uncomfortable. That has never happened. But I have it in writing that they do not protest us doing it. We also ask about doing the Lord's prayer in unison-which we do many times! I get chills just thinking about it.
 7. Belle Council-is the team spirit leader. Their job is to coordinate activities to help the team learn the importance of teamwork and to get them to know each other (especially in summer practices-so everyone feels a part). We also have a class rep from each grade level that helps her out. Their job is to help her and to communicate any problems or concerns from their classmates and to encourage them, as well throughout the year!
