

Due to accounting and auditing purposes, TDEA is no longer able to split or combine invoices. As a result, this document is created to aid school districts in understanding the invoicing processes of the organization and to facilitate payment for convention and All-State registration.

According to the organization by-laws, each All-State student must be registered under a member from the school the student is representing. As a result, TDEA is unable to invoice an All-State student separately. A representative from the school must stay at the same official convention hotel as the All-State student in order for the student to participate in convention.

The convention pricing breakdown is as follows. Please refer to the TDEA website at www.tdea.org to see a detailed list of what is included in each package.
